

FACTORY PROVIDED
CHASES

NOTE: FACTORY CUT CHASES SHOWN ARE OPTIONAL FOR GLOBAL BUILDING SOLUTIONS. VERTICAL CHASES ARE CUT DOWN THE CENTER OF EACH PANEL.

FOLLOW ELECTRICAL CODE REQUIREMENTS FOR ELECTRICAL INSTALLATION.

FIELD DRILL HOLES IN PANEL PLATES TO PROVIDE ACCESS TO CHASE.

NOTE: These drawings were created to illustrate the typical methods of panel connection to conventional foundations, floor systems and roof systems. Detailed drawings outside the scope of the panel system are strictly for illustration only. Refer to structural drawings by others for proper construction detail and required connection systems.

NOTA: Estos dibujos fueron creados para ilustrar los métodos típicos de conexión de paneles a los cimientos convencionales, los sistemas del piso y sistemas del techo. Los dibujos detallados afuera de la extensión del sistema de panel son solamente por el propósito de ilustración. Refiera a dibujos estructurales originales por detalle correcto de construcción y sistemas de conexión requeridos.
